

Pica Easy Off Spray

Marker Pen Remover

**Generally:**

Pica Easy Off is a marker pen remover specifically designed to remove marker pen graffiti without risking damage to the surface or the user.

Use:

Use Pica Easy Off on most types of non-porous surfaces such as metal surfaces (including aluminium), painted surfaces, polycarbon, plastic and glass.

Directions for use:*Normal removal*

- Spray Pica Easy Off on graffiti.
- Wipe away graffiti.

Difficult removal

- Spray Pica Easy Off on graffiti.
 - Wait a minute.
 - "Work" the surface using circular motion with a Scotch Brite. Be careful not to damage surface with the Scotch Brite.
 - Wipe away graffiti.
 - Repeat if necessary. Make sure Scotch Brite is moist during removal.
- After removal, always neutralise surface with a damp cloth.
